ANSWERED ON:20.11.2002
COMPUTERISATION OF POST OFFICES
A. VENKATESH NAIK;ABDUL RASHID SHAHEEN;ASHOK NAMDEORAO MOHOL;SHIVAJI MANE

Will the Minister of COMMUNICATIONS AND INFORMATION TECHNOLOGY be pleased to state:

(a) the names of places where new post offices have been opened in the rural areas in Karnataka, Maharashtra and Jammu and Kashmir during the last three years and current year so far;

(b) the number of post offices computerised in these States during the above period;

(c) the impact of computerisation on the employment in post offices; and

(d) the number of employees declared surplus after computerisation of post offices in these States?

Answer

THE MINISTER OF STATE IN THE MINISTRY OF COMMUNICATIONS AND INFORMATION TECHNOLOGY (DR. SANJAY PASWAN)

(a) The names of places where new post offices have been opened in the rural areas in Karnataka and Jammu and Kashmir during the last three years and current year are given in Annexures 'A' and 'C' respectively. The names of places where new post offices have been opened in the rural areas in Maharashtra during the last two years and current year are given in Annexure 'B'. The details of places where new post offices have been opened in rural areas of Maharashtra during the year 1999-2000 will be laid shortly on the table of the House.

(b) The number of post offices computerised in these States during the above period is as under :

Sl. No.	Name of State	1999-000	2000-2001	2001-2002	Current year
1.	Karnataka	7	6	9	-
2.	Maharashtra	21	40	202	11
3.	Jammu & Kashmir	4	7	10	-

(c) & (d): The impact of computerization on savings in man power has not been assessed as back-office computerization is yet to be fully stabilized in most of the offices. The savings in manpower will mainly accrue from computerization of back office operations on account of elimination of duplication of work currently being performed in different branches of a post office.

The norms for deployment of manpower in computerized environment has not been finalised. However, present, staff can be redeployed on the basis of actual physical observation and their pressing requirement in other new area of work.

The powers of redeployment of Group 'C' and Group 'D' officials vests with Head of Circles and any surplus manpower is being redeployed based on actual observation and their felt need in new areas of work.
